

20W 双口氮化镓

The diagram illustrates a power connection. On the left, a vertical line contains a green oval icon representing a power source, with the text "USB-C" below it. A green line extends from this source to a green oval icon representing a load, with the text "USB-C" below it on the right. A green line segment connects the two ovals, with the text "20W" written in green next to it, indicating the power output.

USB-C 输出
